*Dare to read the psycho-horror classic that manga master Ito Junji called a “frightening but moving story about an unfortunate individual who, lost in search of his true self, finds his own annihilation instead.”*

# HER FRANKENSTEIN

by Kawashima Norikazu

Little Tetsuo is a wimpy mess. His parents don't love him. He meets the beautiful Kimiko, an ailing teenage girl obsessed with movies and mayhem in equal amounts. She doesn't love Tetsuo either, or anyone other than herself. But she needs him. So Tetsuo becomes the man she wants—the monster she wants. He becomes HER FRANKENSTEIN!

Originally published in 1986, Kawashima Norikazu's HER FRANKENSTEIN marks the bizarre and sadomasochistic finale to a cult era in Japanese horror comics. A few years after it was published, the author burned all of his artwork and abandoned Tokyo, never to be heard from again! HER FRANKENSTEIN is the inaugural volume of SMUDGE, a line of pulp, horror, and dark mystery manga, curated and translated into English by award-winning historian Ryan Holmberg.

*"This book brilliantly captures the anxieties held by people of today. Sara embodies the joyful anticipation of a mother-to-be, until an international story breaks and expands her list of hopes and fears in the information-flooded world. A modern audience can relate to her distrust in the times, and Sara's anguish is universal in its resonance. The work devotes numerous techniques to express its intentions but remains accessible. Colored pencils bring the story to life, at different times injecting turbulence and warmth. Through a small but striking backlog, the artist has secured a singular presence in the industry. What does it mean to be wise and brave? How do we resist and reverse the cruelties of the world? The artist plumbs this fathomless question and offers a powerful response."*

**PREVIEWS SHINES THE SPOTLIGHT!**

Everyone has their favorite writers and artists in comics. Whether they be the legends of the previous century to today's up-and-coming new stars, we connect with their words and pictures at an emotional level and they become our obsessions. We seek out their works and when we've finished absorbing their latest release, we must then wait (im)patiently for their next project. So, in an effort to help you while you wait for their newest works, this issue we're introducing our CREATOR SPOTLIGHT month! We turn your attentions to the works of

**CREATOR  
SPOTLIGHT**

various writers and artists, some you may know, others who may be new to you. All have a distinctive voice or style that has attracted fans and followers alike. Check out our CREATOR SPOTLIGHT section starting on page 206, and then look throughout the print sections of **PREVIEWS** for more creators to discover!

If you read my editorials regularly, you may know that I've been writing my own comic book, a Horror/Western called *The GunHAND*. Well, I solicited three issues and before the first issue could be released, it all ground to a halt due to "creative differences" and other issues. I didn't waste any time finding a new home for my series and landed at American Mythology. I know these guys, and I trust that they will treat my series like one of their own. Issue #1 will be in stores at the end of April 2024, and will be available in four covers... two by series artist Matt Plog, and two guest-artist covers by my friends Barry McClain, Jr. (*Billy the Kid*) and Kelley Jones (*Batman, The Sandman*). And best of all, you don't have to jump through any hoops to grab any of the cover variants, they're all retail priced! Check out pages 236-237 of this issue for a look at *The GunHAND* #1 and get ready for a wild ride!

Finally, don't forget to check out the complete catalog of **FREE COMIC BOOK DAY 2024** Gold and Silver titles in this issue, starting on page 31. And also check out this year's Commemorative Artist T-Shirt by *Strangers in Paradise* creator, Terry Moore! The T-Shirt image is also available as a poster and vinyl sticker! Save the date of Saturday, May 4<sup>th</sup> (it's *Star Wars Day*, too), and be at your favorite local comic shop on the first Saturday in May!

Enjoy this month's **PREVIEWS**, there's some great stuff inside!

"The top two *Magic: The Gathering* cards in the auction both outperformed expectations," CertifiedLink founder and Managing Director Josh Nathanson said.

## Dell's Classic Monster Superheroes

After the success of Universal's monster movies, the characters started appearing in other movies, shows, and books. But while they are usually menacing villains, in the 1960s, Dell Comics published a line of comics starring Frankenstein, Dracula, and the Werewolf as superheroes.

Dracula was a medical researcher who gained vampiric powers from experimenting with bat blood and decided to use his new abilities to be a superhero. Frankenstein inherited millions from a wealthy friend who died, then used his resources to be a crimefighter. The Werewolf was an Air Force pilot who befriended a wolf after crashing, and got a job doing covert missions for the CIA.

- **Hack/Slash: Kill Your Idols #1A** (JAN240299)
- **Local Man: Bad Girls One-Shot** (JAN240303)

**Please tell us a bit about yourself!**

I'm Tim Seeley, and I'm one of those "slash" people... a writer-slash-artist. I've drawn a number of different comic book series. My writing work includes *Nightwing*, *Money Shot* (Vol. 1 / JAN202091), *Masters of the Universe*, the critically acclaimed *Revival* (Vol. 1: *You're Among Friends* / OCT120493), and the *New York Times* bestselling *Hack/Slash* (Vol. 1: *My First Maniac* / SEPT100461). I live in Chicago, Illinois with my wife, daughter and '80s action figure collection!

**What are your favorite projects you've contributed to over the past decade?**

*Hack/Slash* in general, especially the new series featuring *Zoe Thorogood*. And I really enjoy working on *Local Man* (Vol. 1: *Heartland* / JUL230445) and *Money Shot*. Also, I'm pretty proud of my half of the creation of my kid. She turned out alright!

**What are you currently working on?**

I'm the primary writer of *Darkstalkers* for UDON Entertainment. I'm also writing a couple of DC books, *Deathstalker* (#1 / JAN242015) over at Vault Comics, *Local Man* at Image, a new *Hack/Slash* series for the 20<sup>th</sup> anniversary, some movie, TV and video game projects, and *Masters of the Universe* stuff, as usual.

**What fun titles are you reading?**

I loved *Monica* (AUG231929) by Daniel Clowes. I always enjoy his stuff, but *Monica* hits different... somehow, it's perfectly attuned to everything he's made before and the zeitgeist of the moment at the same time!

## USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

### WHAT EXACTLY IS PREVIEWS?

**PREVIEWS** is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

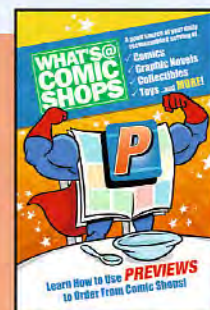

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

### HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the forms included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

Jimi Hendrix and Sci-Fi fans alike won't want to miss the release of Titan Comics' **JIMI HENDRIX: PURPLE HAZE** in July 2024. Written by the critically acclaimed author **MELLOW BROWN**, with **DJ BenHaMeen**, and illustrated by award-winning artist **TOM MANDRAKE**, this epic adventure sees the iconic Jimi Hendrix as you've never seen him before.

We spoke with **TOM MANDRAKE** about his work on the book.

## TOM MANDRAKE *JIMI HENDRIX: PURPLE HAZE*

**Hi Tom! Right off the bat, what are your top Jimi Hendrix tracks?**

I'll say 'Purple Haze', 'Hey Joe', 'The Wind Cries Mary', 'Machine Gun', 'Voodoo Child (Slight Return)', 'All Along the Watchtower', 'Hear My Train A Comin'', 'Up From The Skies', 'Little Wing'...I'm already questioning the order I put these in but I'd be here all day if I tried to make a perfect list!

**When the story for *Jimi Hendrix: Purple Haze* was first pitched to you, what drew you into it?**

I was very excited about how wide open the script is, we take off and explore a new universe at light speed and don't stop until the final page! The story rings true to many of Hendrix's ideas related to UFOs, aliens and other life forms – concepts he used to explore the human condition. This is also something of a different kind of project for me, ***Jimi Hendrix: Purple Haze*** is helping me stretch my own artistic wings.

***Jimi Hendrix: Purple Haze* is an epic psychedelic space opera – why do you think Hendrix's music lends itself to this intergalactic setting?**

Hendrix's music and lyrics frequently reference cosmic

themes, UFOs and alien worlds. Songs like 'Third Stone To The Sun', 'Up From the Skies', '1983 ... (A Merman I Should Turn To Be)', are all good examples. It's no real jump to place Jimi Hendrix in an epic psychedelic space opera when he was already exploring those concepts in his music. Hendrix said, "What I like to do is write a lot of mythical scenes, like the history of the wars on Neptune and the reason Saturn's rings are there. You can write your own mythology." He was already here, thinking about science fiction and how it's used as a mirror for our world. I believe we are following his lead and I'd like to think he would've appreciated what we've done with this graphic novel.

**What was the method behind your sublime and mind-bending art in *Jimi Hendrix: Purple Haze*? How did you work with Mellow Brown's and DJ BenHaMeen's script?**

First, thank you for making my day by describing my art as sublime and mind-bending!

Visually, I wanted to hit some notes that ring true to the 60s and 70s, I tried to do that with costume design, space ship design...I tried to bounce off old sci-fi book covers and my own experience growing up in that era, being a fan of the movies, books and comics of the time. I also changed

up how I approached the look of my finishes, the inks, going for a much more linear style than some of my horror or super-hero stuff. Along with this look back I needed to satisfy my desire to be in the present, challenging myself to be moving forward with my art. Hopefully what I've done is create a look that feels new but has deep roots in the past.

I needed a color artist who understood my reference points in all this. Someone I could work closely with and talk to. I was lucky enough to get Justin Prokovich on board. We've worked together before, Justin is a fantastic artist in his own right and is absolutely nailing the colors!

**For those who have never listened to Jimi Hendrix's music, what would you say to encourage them to start?**

I could say that 'Are you Experienced' is arguably the greatest debut album ever and Jimi Hendrix continues to inspire musicians, artists and fans more than 50 years after his passing. Check out his music and see why he still looms so large on our collective consciousness!

"Imagination is the key to my lyrics. The rest is painted with a little science fiction."

Hit writer **Zac Thompson** (*Hunt for the Skinwalker*, *Cemetery Kids Don't Die*) and star artist **Nicola Izzo** (*Buffy: The Last Vampire Slayer*) team up for this neo-noir crime thriller rife with murder and paranoia, in the tradition of *Fargo* and *Rear Window*!

If you dare, get into the sinister spirit of the season and join The Nightmare Keeper for two fresh forays into the **Stuff of Nightmares** universe!

First, comic creator Alex Oxaca has been out of the spotlight for decades, and he'll wish he'd remained in obscurity soon enough... **RED MURDER** was the smash hit title of the early 2000s, and will come back from the past in more ways than one during the 20th anniversary celebration of the title! A real ax murderer, eerily parallel to the hatchet-wielding killer in the comic, starts chopping down equally real victims, bringing a whole new meaning to HorrorCon.

And... as malls continue to die, a down-and-out former mall Santa named Heinrich Fiddler's rage turns to madness, and he's dead-set on making sure department store shopping isn't the only thing that's decreased in **SLAY RIDE!**

Bestselling *Fear Street* and *Goosebumps* author **R.L. Stine** is joined by Bram Stoker Award-nominated artist **Pius Bak** (*Eat the Rich*) and acclaimed artist **Adam Gorham** (*Dune: Blood of the Sardaukar*, *The Blue Flame*) for two standalone tales directly from your most demented dreams!

The world's favorite demigod-turned-mortal is back, and he's about to embark on the biggest adventure since *The Odyssey*!

The Greek gods don't really get why Hercules chose a mortal life over the opportunity to join them on Mt. Olympus, but since he proved his mettle as a hero many times over, they're happy to enlist his help with missions that require interventions in the earthly realm. So when Aphrodite grants an artist's wish that his sculpture be brought to life, Herc gets the call to clean things up when the newly conscious artwork proves to be more bone-crushingly lively than expected!

But after discovering that the rogue statue is just misunderstood, and a little rambunctious (much like himself as a youth), Hercules returns to explain the situation to Aphrodite — only to find her temple empty and abandoned. Is the goddess of love just pouting, or is something more sinister afoot? If you know anything about classic mythology, you know it's going to be the latter!

The immortal team of Emmy Award-winning writer ELLIOTT KALAN (*The Daily Show*) and *Gargoyles* artist GEORGE KAMBADAIS bring these legends of antiquity to hilarious new life in this brand-new ongoing series. This premier issue also features a pantheon of divinely talented cover artists, including KAMBADAIS, MATTEO LOLLI, FRANCESCO TOMASELLI, and more!

## HERCULES GETS A SUPER-POWERED CREATIVE TEAM!

### ELLIOTT KALAN (*SPIDER-MAN AND THE X-MEN*) AND GEORGE KAMBADAIS (*GARGOYLES*) TALK ABOUT THE SERIES

**This story is picking up from the conclusion of the classic 1997 *Hercules* film, though readers can jump right into it if they haven't seen that in a while (or ever). What memories do you have of the movie, or favorite elements from watching it again?**

**Elliott:** Rewatching *Hercules* to prepare for this series, I had the same feeling as when I saw it in the theaters when it first came out: this is a fun movie. It's a movie with emotional weight and strong characters, but it's also really, really fun, it moves quickly, and it's always throwing new things at the viewer. With this series I wanted to capture that sense of fun while also doing justice to the emotional cores of the characters — and at the same

time bringing more ancient Greek mythology into Hercules's world. My hope is that when people read *Hercules*, they'll say "This could have been a new *Hercules* movie!"

**George:** Well! I have to admit that I love this movie (and the prequel TV series). It is my culture (which can be dark and gloomy at times) made fun and goofy and warm! I absolutely loved the design of the Greek gods and goddesses from the very first moment I saw the movie up until I, very excitedly, rewatched it as soon as I was offered this job. I remember happily naming the gods I recognized from the background scenes. Oh! The green lady must be Demeter! The fin guy must be Poseidon! It was like some kind of crossover

episode from two things I still love dearly: Greek mythology and Disney films.

**Superheroes have long been one of the dominant genres in our beloved comics medium, and many would say you can trace elements of them back to gods and mythology. In fact, several superheroes that everyone knows are indeed gods**

**from Norse, Greek, or other beliefs. How would you see Disney's take on Hercules and your vision for him here as fitting into that spectrum?**

Elliott: To me, the Disney *Hercules* embodies the best aspects of classic superheroes: he always tries to do what's right, never gives up, cares about the people

Character designs by George Kambadais

## HERCULES

## MEGARA

around him, and feels for those who need help. Like any great superhero, though, Hercules isn't alone — he has his supporting cast of Meg and Phil, and we'll be adding a character to that cast of friends whom I hope the readers like as much as I've been enjoying writing them. In many ways, Hercules is the original superhero concept — a super-strong person who keeps people safe by removing monsters from the world. What are the Twelve Labors but the original twelve-issue storyline?!?

**There are so many fun Greek gods, as well as their depictions in the movie. Which ones can fans expect to see here in this series? (Without getting too deep into spoilers, of course!)**

Elliott: Without spoiling the stories, I will say that you're going to see a lot of Greek gods in this series who didn't get much screen time in the movie, such as Aphrodite, Hephaestus, Artemis, Ares, and so forth, as well as Hercules's dad, Zeus. As the series starts, Hercules is the mortal that the gods turn to when they need a problem taken care of, and we're going to see how Hercules both takes that responsibility seriously while also feeling like the gods don't fully respect him because of his mortal status. The Greek gods are, in the original myths, essentially powerful people who make mistakes all the time and aren't always polite, and I wanted to play with that aspect of them. Of course, beyond the gods, we're also going to see some Greek myth MONSTERS that

we didn't get to see in the movie.

**George, which characters have been the most fun to draw so far?**

George: Boring as it may sound, the man himself — Hercules is such a fun guy to draw! The kind face and the toned muscles

## PHILOCTETES

make such a cute and clean-cut character, just the way I like them.

**You were actually born and raised in Greece, so we hear you're bringing a degree of expertise on Greek culture to the series, in your approach to the artwork**

and beyond. Can you speak a bit to what it means to be drawing a comic starring Hercules?

George: Well, I don't know about bringing expertise, but I really hope I have something to bring to this story. I love the movie and it is special to me. Hercules is a super-important character in pop culture, even more so here in Greece. We have known his name ever since we were children. We learn his story, we are involved. I remember my mother reading the Twelve Labors of Hercules to me as a bedside story! They were amazing, magical. So was the Disney movie when it came out. We, as Greek children, back then (in the pre-internet days) felt kinda isolated. Living in a small corner of the world seemed far away from anything that felt big and important. When I saw the movie, I felt sort of... validated. It was equal parts exciting and moving. So being a part, however infinitesimal, of that story feels huge!

**Elliott, you've been an acclaimed writer across media, with contributions to *Mystery Science Theater 3000*, *The Daily Show*, *Spider-Man* and *the X-Men*, and**

**both Emmy and WGA Awards to your name. The original *Hercules* film is full of both laughs and dramatic moments. How are you balancing these angles in writing the story and its characters?**

Elliott: First of all, thank you for reminding everyone of my credits — I appreciate it! Balancing the comedy and the drama is the most fun part of working on a book like this. You want it to be fun, as fun as the original film, and not too bleak or depressing — but at the same time you want the adventures to have real weight to them. You want the danger to feel dangerous and the stakes to feel important, so that the reader cares if Hercules actually saves the day. Part of navigating that is showing how important it is to the characters. If Hercules, Meg, and Phil take a situation seriously, then the reader will, too — even if they're doing or saying funny things while dealing with that serious situation. Of course, when you're dealing with Greek myths, you're literally dealing with the fundamental forces of the universe — death, war, love, creation — which is pretty helpful in keeping the stakes high.

After landing in jail following a night of drunken revelry, Red Sonja hears an outlandish story from a fellow inmate. Deep in the mountains lies a dead city in a valley with no name. Abandoned and forgotten, its fields and streets are littered with the bones of two armies, all destroyed by a curse from a warlock who has long since vanished, along with his vast treasure — untold riches just waiting to be taken.

At least that is the legend. But Sonja's cellmate Morgo has more than a diverting tale — he's also got a map that says this legend could well be reality. All they need to do is break out of lockup and hit the road — which may be easier said than done!

Crafted by legendary writer STEVE NILES (*30 Days of Night*, *Simon Dark*) and rising art star ALESSANDRO AMORUSO, *Red Sonja: Empire of the Damned* #1 delivers monsters, magic, and mayhem in equal measure — all wrapped up in sumptuous covers from JOSHUA MIDDLETON, JOSEPH MICHAEL LINSNER, JOHN TYLER CHRISTOPHER, and cosplay by RACHEL HOLLON!

## THE SHE-DEVIL WITH A SWORD MEETS THE COMICS MASTER OF THE DEAD — STEVE NILES (*30 DAYS OF NIGHT*)

Steve, you've worked with us at Dynamite in the past on some *Army of Darkness* tales and even a *Vampirella* story. But you've never actually taken on Red Sonja before. The character is celebrating 50 years in comics right now; what drew you to her and why do you think she's resonated with readers so much through the years?

She's such a classic character, all the way back to her origins written by Robert E. Howard in the 1930s. She was ahead of her time, an incredible warrior, pretty much unkillable and always ready to fight. In that way, she's not unlike one of my most

well-known characters, Cal McDonald, so writing a story for her was a blast.

What can you tell us about the title of the series here, "Empire of the Damned"? Where does that fit into the story you're telling?

This series begins with an ancient story, and the setup for how Red Sonja finds herself on a new quest. There is a rumor of a lost valley where a war occurred. Both sides died at the hands of a warlock who used everybody to gain riches. Now Red Sonja is looking for the lost valley, but there are all sorts of obstacles in her way.

Your work in comics is extensive — you've tackled characters like Batman and Spawn as well as your own creations, including gems like *Criminal Macabre*, *Simon Dark*, and of course your iconic graphic novel *30 Days of Night*. Many of your stories focus on elements of horror, and classic monsters like vampires and zombies. You've also frequently collaborated with artists on a similar wavelength, like Bernie Wrightson, Ben Templesmith, and Kelley Jones. What is it that so often draws you in those directions, and how might that be interwoven with the Red Sonja story you're telling now?

I grew up with classic monsters in movies — Frankenstein, the Wolfman, all the way to *Night of the Living Dead*. Bernie Wrightson's art was a huge influence

on me, and all of that really steered me towards writing horror in comics. When I was approached about writing Red Sonja, I made sure it was okay to bring in some violence and great monsters for her to fight.

The Hyrkanian Heroine is set to be joined by a few companions on her latest quest. Can you tell fans about some of the supporting characters they'll be meeting? (Without spoiling who might live or die by the end, of course!)

She meets a myriad of characters on her travels in this series, from a powerful young witch named Luna to an incredibly large and helpful barbarian, Morgo, as well as an old man she must chaperone as he searches for his childhood home in

order to die in peace. We don't ever know who is who all the time, which made it a blast to play around with.

**There are a bunch of powerhouse creators working on this book alongside you, too. How has the collaboration been with artist Alessandro Amoruso, as you're seeing his pages start to roll in?**

His work is incredible so far, his pages are amazing. His battle scenes are epic, and he illustrates Red Sonja perfectly. He adds all kinds of little details that I love. Every scene just comes alive.

Also: Lilith has returned, and the meddling vampire/mom from Hell is determined to reunite her estranged daughters — unaware that Levi, a murderous sea creature, intends to crash the family reunion! Victory arrived on the scene as Vampirella's lover, and ended up a very powerful pawn of Vampi's mother, Lilith. Along the way, she's made new friends, seen countless horrors, and been saddled with a demon's ring that she can't get rid of (but which has granted her some nifty powers). Despite all that, there's still a lot that we don't know about Victory, like what her childhood was like, what she's been doing with her new-found powers — and why so many demons are trying to kill her to gain possession of her Belial ring. Luckily for us, all those questions (and more!) are answered in this invaluable new volume collecting all five issues of the enlightening series from writer DAVID F. WALKER (*Compass, Young Justice, Naomi*) and artist BRETT WELDELE (*The Beauty, Do Androids Dream of Electric Sheep?*)!

In the wake of the hostile “Sugartown Showdown” street battle, Sweetie and her “swirly pop” formation entourage (Candy Wolf, Pixie Stix, Hansel, Gretel, and the rest of the supernaturals) regroup victorious at the Candy Vigilante factory headquarters in Brooklyn. After getting iced by magic snowball flex and witnessing the grisly fatalities caused by exploding Easter egg grenades, jellybean munitions, and gingerbread jawbreakers, Bart Volgare and his thugs (at least what’s left of them) know one thing is certain: the band is back together!

Rumor has it SUV barely survived the weird trauma, so you might say he has something to smile about — *permanently*. Sweetie’s arch-nemesis Bart may think that he got away, but you don’t really believe she would just let him scurry off like that, do you? Peter Cottontail and Jack Rabbit lament that they didn’t get to take the shot and *egg-stinguish* him in the name of SWEET revenge when they had the chance, but Sweetie makes it crystal clear she

wants Bart alive — at least for now. He knows... *something*. Plus the bad wolf tower is pinging, and someone’s house is about to be blown down.

Meanwhile, the squad is introduced to Honey B, Sweetie’s youthful beekeeper, who brings stinging news straight from the hive. Someone has been killing Sweetie’s prize bees by chopping off their fuzzy little heads! Could it have anything to do with Sweetie’s latest weapon? The frosted whipped-cream confection called “SweetStuff” is derived from the sweetest, purest, grade-A honey, and for those who are pure of heart, it’s one of the most delectable concoctions you’ll ever taste. To the inherently bad, however, SweetStuff doesn’t taste very SWEET at all — in fact, it melts away your... *everything!* It liquefies matter into a frosty, glittery goo, right down to the bone! Isn’t that *NICE*?

The war isn't going well for the kingdom of Firekeep and their allied forces of the south. One after another, cities are falling to the hordes of subhuman thralls unleashed by the Ice Realms. Led by the resurrected prince who now calls himself Kadav'r and wields the dark powers of the pits, no mortal army is able to stand against them. It isn't all gloom and doom, though — Larn finally makes it back to his home village, where he discovers that he's being celebrated as a great hero, and that's a good thing... right?

**A fable of what happens when saving the world's books from destruction depends on the worst mule in history!**

The Caliphate has been blessed with a period of peace, culture, and science for nearly sixty years. The Caliph Abd al-Rahman III and his son al-Hakam II made Cordoba the Western capital of learning. But al-Hakam II dies young, and his son is only ten years old.

One of his viziers, Amir, seizes the opportunity to take power. Radical clergymen, in exchange for their support of the illegitimate pretender, want to see the 400,000 books in Cordoba's library burn!

The night before the biggest bonfire ever, the head librarian, a chubby eunuch named Tarid, gathers up all the books he can and loads them onto the back of a passing mule. He takes off in the hopes of saving what he can of universal knowledge.

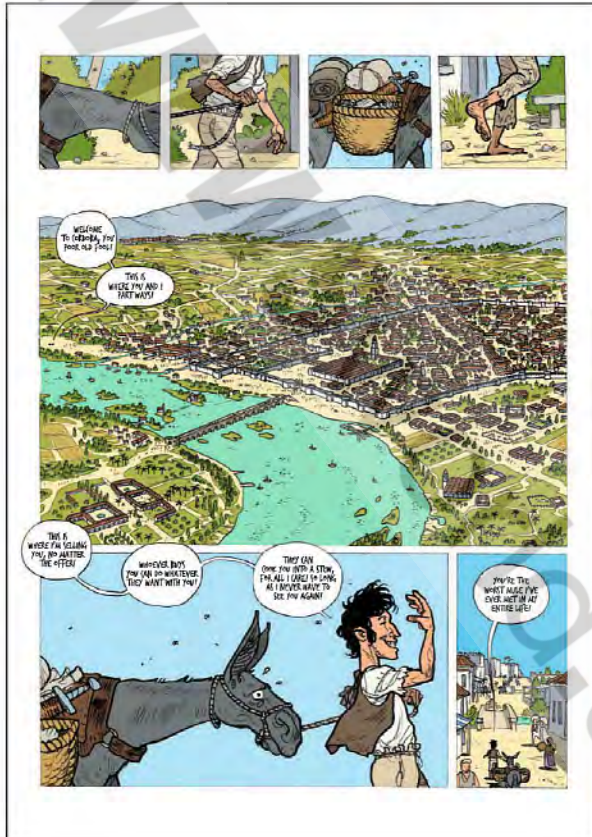

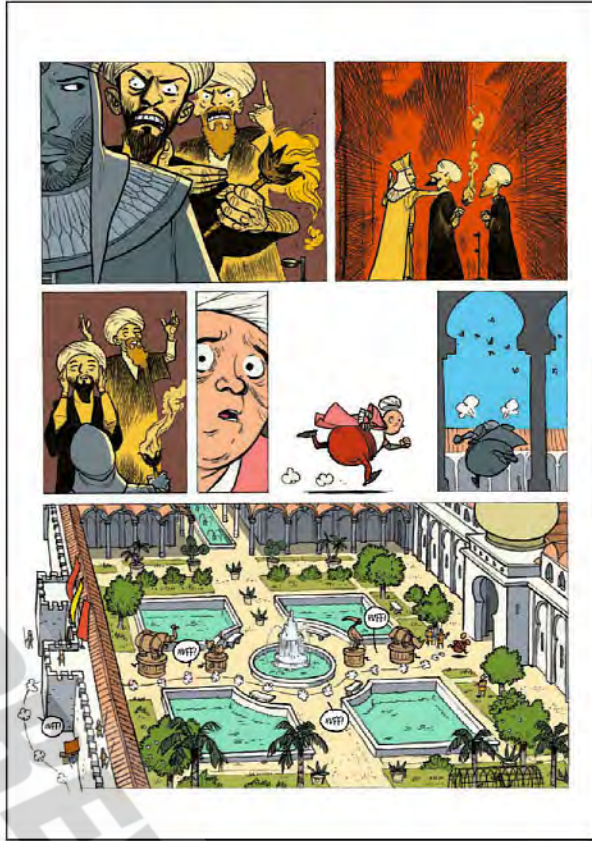

Joined by a young scribe and a former apprentice who went on to become a thief and vagabond, Tarid and his lazy, over-burdened mule set out on a madcap adventure: crossing nearly all of Spain with mercenaries in hot pursuit!

**For some, magic is a myth.  
For others, it is a weapon.**

What if witchcraft really existed? If our beliefs, superstitions, and legends were material? This is what Rhym, a young narcotics lieutenant, must question when she finds herself confronted with the impossible. While staking out a subway deal, a suspect magically kills his informant and drives the entire station into madness with just a handful of weed. Rhym miraculously escapes unscathed. She's unaware, but she is a witch, and that fact arouses the interest of a very particular unit of the French secret services. A group of special agents who, like the criminals they hunt, have mastered the art of sorcery...

Welcome to a world where it is better to wear an amulet than a bulletproof vest and where a simple curse by email can destroy you more surely than a bomb. Between thriller, espionage, and fantasy, Mathieu Gabella and DC Comics artist Fernando Dagnino (*Suicide Squad*, *Supergirl*, *Wonder Woman*, *Teen Titans*, *Justice League*) present a powerful adventure!

Collects the five issues of the popular series, plus cover gallery and bonus material.

# ABLAZE ARTIST SPOTLIGHT COLLECTED SET MANIX ABRERA

WRITER/ARTIST: MANIX ABRERA

SOFTCOVER | 352 PAGES

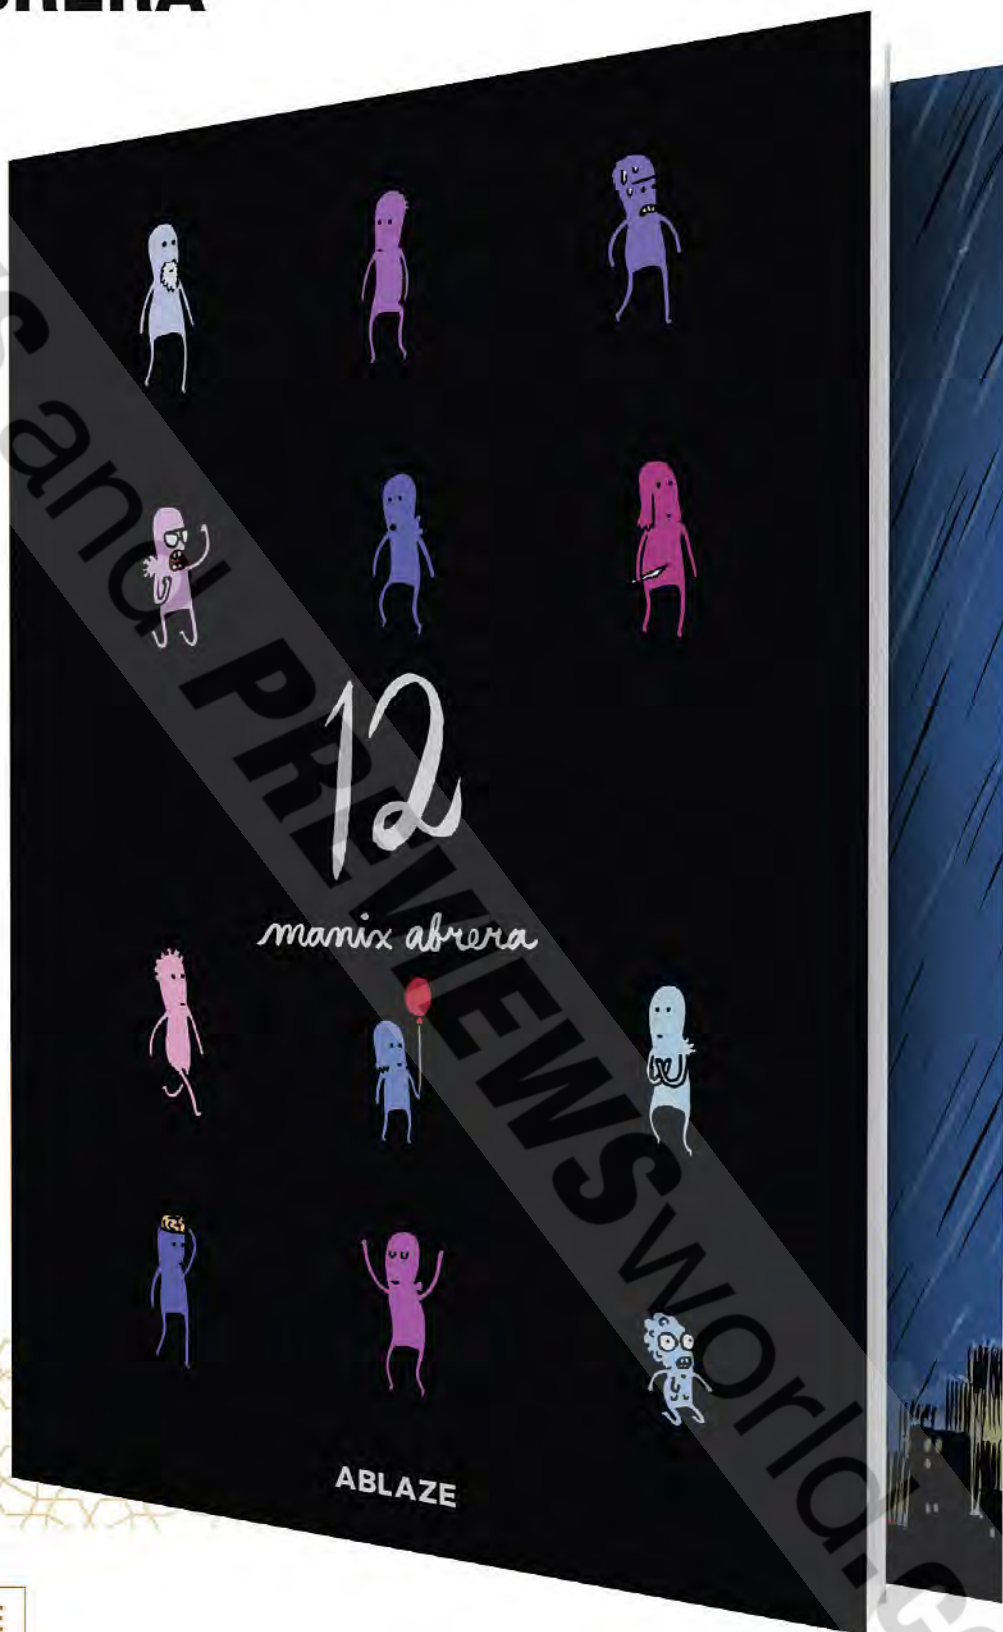

COLOR | AGES 12 AND UP

HUMOR, FANTASY | \$22.99

ABLAZE is proud to present two outstanding graphic novels by acclaimed Filipino cartoonist and three-time National Book Awardee **Manix Abrera**. With his “silent” storytelling, dependent on illustration to direct story and movement, Abrera truly demonstrates the heart and soul of the comics medium. This bundled set comes to you at a special price.

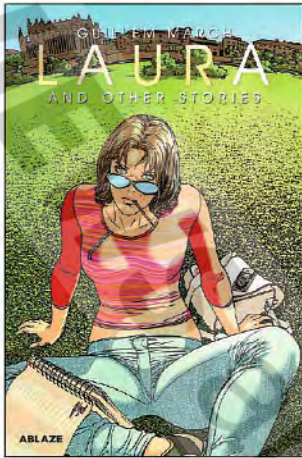

In **12**, Abrera tells twelve genuinely touching stories, each story with its own charm and intriguing twists – a young man spends his entire life searching for answers but shock awaits when he finally gets that eureka moment; someone finds love that unexpectedly finds somebody else; two men argue over who goes first on an escalator; a mother and daughter fight over a cockroach; a drunk man urinates on a tree and gets a big surprise – making you wonder how these mundane plots can turn out so bizarrely, prompting you to reflect and crave for more!

In **14**, a man who mysteriously discovers a 13th floor in his building and finds himself in the middle of a storytelling session among different mythological creatures of Philippine folklore. Together with a partying crowd of supernatural beings, he listens to stories narrated by creatures such as the Manananggal, Diwata, Tikbalang, Kapre, Tiyanak, and even by a White Lady and a Doppelganger.

**CANARY GN**

(W) Scott Snyder (A) Dan Panosian

In 1891 a mine collapsed into itself. What was the dark substance found 666 feet underground? During the final days of the Gold Rush, one mining company in Colorado pulled up radioactive uranium, and then the mine then collapsed in on itself. Legends sprung up about the mine being cursed or even haunted. Now the Frontier is closed, the gold and silver mines have dried up. The country is becoming "civilized," and yet, in one stretch of the Rocky Mountains, a terrifying, new kind of violence is suddenly emerging. Random killings. People going mad and murdering neighbors, classmates without real cause. When a schoolboy kills his teacher with a hatchet, a famous federal marshal named Azrael William Holt is called in to investigate the killings.

ings. What he—and a brilliant young geologist—uncover is stranger and more horrifying than anything they could have ever imagined. Blending modern horror, historical fact and Western lore, two-time Eisner Award winning author Scott Snyder and veteran illustrator Dan Panosian have created a uniquely terrifying graphic novel thriller with *Canary*. (A) Andre Lima Araujo

*Phenomena* is the story of a young boy named Boldon and his warrior friend Spike—survivors of a phenomena that took over Earth years ago. Not an apocalypse... something far more interesting. Boldon and Spike are forced to team up with another lost orphan of the world, Matilde. The trio of heroes go on a globetrotting adventure that takes them to a magical, mysterious place called the Golden City of Eyes. As they quest across this epically crazy new world looking for answers and purpose, they face off against dark forces big and small, changing the world better along the way. Each journey is personal, and every chapter takes the trio toward a different, visually iconic destination, and each location, character, and chapter reveals clues to the shape of the world and how they got there—and, ultimately, their purpose. PREVIEWS February 2024

**BAD DREAMS IN THE NIGHT GN**

(W/A) Adam Ellis  
A new take on a classic format, *Bad Dreams in the Night* is an updated, illustrated take on the horror anthologies the author grew up with as a kid, such as *Scary Stories to Tell in the Dark* and *In a Dark, Dark Room*. These self-contained stories grew rapidly in popularity among the author's online audience, and even inspired production of a motion picture from BuzzFeed Studios and Lionsgate Films. Filled with spine-tingling, pulse-increasing tales of mystery and supernatural occurrences, this book of never-before-seen comics will be the perfect gift for people who love *Black Mirror* and *Stranger Things* and listened to podcasts like *Welcome to Nightvale* and *Rabbits*.

Their sister, Paige, just wishes here brothers weren't so annoying. Together with parents Andy and Roger, the Fox Family siblings navigate the nuances of remote learning, assembling gravity-defying ice cream cones, and trying not to humiliate their father in chess. Family pet iguana, Quincy, even gets in on the action in a brief stint as a TikTok star. This new *FoxTrot* book collection includes full color *FoxTrot* Sunday comics from 2021, 2022, and 2023. **CB:** The Archie Horror line is a wonderful (and wonderfully nightmarish) playground for me. I love taking these familiar, well-loved characters and spinning yarns that make them unfamiliar and much-feared. What's really exciting is that these stories, which could have just been one-shots, are growing and expanding Archie's horror universe. And I love being part of that!

**RINGMASTER: VINCE MCMAHON AND THE UNMAKING OF AMERICA SC**

(W) Abraham Riesman

Even if you've never watched a minute of professional wrestling, you are living in Vince McMahon's world. In his four decades as the defining figure of American pro wrestling, McMahon was the man behind Dwayne "The Rock" Johnson, "Stone Cold" Steve Austin, John Cena, Dave Bautista, Bret "The Hitman" Hart, and Hulk Hogan, to name just a few of the mega-stars who owe him their careers. For more than twenty-five years, he has also been a performer in his own show, acting as the diabolical "Mr. McMahon"—a figure who may have more in common with the real Vince than he would care to

admit. *Ringmaster* is built on exclusive interviews with more than 150 people, from McMahon's childhood friends to those who accuse him of destroying their lives. (STL309845) (C: 0-1-1)

Eisner Award-winning writer Mark Russell (*NOT ALL ROBOTS*, *Superman: Space Age*) returns to AWA with his latest dark satire, with art by Ramon Rosanas (*YEAR ZERO Vol. 1*). Meet Bob Schrunck, technocrat billionaire, collector of bad art, and victim of a hideous skin condition that can only be treated with a highly illicit and definitely not FDA-approved face cream that must be...harvested. From human beings. Bob isn't unfair, though. He's happy to let his guests select who will be next to be sent from the Rumpus Room to their doom. There's just one thing Bob doesn't know: One of his current guests is an undercover cop—and she's carrying a concealed gun.

In his Pacific Northwest studio during the isolation of COVID-19, Mark Ryden began a series of his iconic half-animal, half-plush creatures that further explored his reverence for these beings, who are guides through a landscape of the unknown. The figures in these paintings are neither human nor animal, they are spiritual entities that create a bridge between the human and animal worlds in which so much disharmony exists. This book features all of the original portraits of Ryden's mysterious and mythical creatures. (A) Oneilljones  
Just as her longtime BFF, Addy, is gravitating toward the popular crowd and starting to care more about school dances than tree house playdates, Mia finds out that her favorite science camp friend, Tariq, is moving to town and will be going to school with her. She's super excited and can't wait to show him around and help him make friends. But when Tariq arrives in town, he seems like he's grown up a lot, too. No more braces or glasses. A new haircut. And who knew he was also a soccer star, immediately making the team mid-season? He's welcomed to Buttonwood Bay Middle School with open arms in a way that Mia can't even recognize, and now she's feeling more lost than ever. But then her

science teacher announces the school's science olympics, and she and Tariq are teaming up again to crush the competition—just like at camp. Through much experimentation and a little trial and error, Mia navigates new friendships and old as she tries to find her place in middle school—and on the winner's podium. (STL306268)

Olive calls "Food School": a full-

they learn, talk, and cry about  
eating disorders as part of a

confronts the secretive, self-de-

illness, while struggling with the  
complexities of modern mental

## The Blood Brothers Mother #1

BY BRIAN AZZARELLO AND EDUARDO RISSO

NEW SERIES DEBUT FROM THE TEAM BEHIND *100 BULLETS*!

In the old West, three children set off across the wild Texas frontier to rescue their mother—kidnapped by ruthless outlaws who gunned down their preacher father. Throughout their journey, they'll face the harsh elements of an unforgiving landscape, deadly animals hungry for blood, merciless bounty hunters and so much more...all in a relentless quest to rescue their family.

They'll learn the terrible cost of revenge—not just in lives, but in how it stains a soul. While revenge may be satisfying in the moment, it leaves a yearning behind that lasts a lifetime. And once you taste it, nothing else is ever so sweet.

In the tradition of *The Searchers* and *Blood Meridian* comes a brutal new western series from the Eisner award-winning team behind *100 BULLETS* and *MOONSHINE*!

# LOU LUBIE A FOX IN MY BRAIN

**After troubled years, Lou finally discovers what's causing chaos in her brain: it's her cyclothymia... a bipolar disorder that appears to her in the form of... a fox!**

Do you know any cyclothymics? Good luck if you encounter them in your daily life, be it in your family or at work! Unpredictable, often irritable, loud, fast-paced, euphoric, sluggish and sad. In two words: destabilizing and exhausting. It's challenging to navigate life with them on their roller coasters or even just to wait for their storms to calm. You have to tread carefully, be patient, diplomatic, not easily offended. Solid, in short!

Lou had to deal with it, all of it, tame the Fox playing tricks with her mind and learn to overcome her condition... With humor. Lots of it!

Based on the creator's personal journey, *A Fox In My Brain* is a positive take on Mental Health. A breath of fresh air that will give everyone an extra boost of self-love. Actually, the doctor should prescribe you a copy!

NOT TO BE OVERLOOKED AT ANY COST!

### MY FAVORITE THING IS MONSTERS BOOK TWO

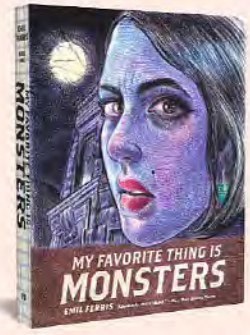

By Emil Ferris

\$44.99 / SC / 412 pgs / FC / 8.1" x 10.5"

Set against the tumultuous political backdrop of late '60s Chicago, *My Favorite Thing Is Monsters Book Two* is the eagerly awaited conclusion to one of the most acclaimed graphic novels of the past decade. In Book Two, dark mysteries past and present continue to abound. Young Karen attends the Festival of Life in Grant Park and finds herself swept up in a police stomping. Privately, she continues to investigate her neighbor's recent death. She wrestles with her own sexual identity, the death of her mother, and the secrets she suspects her brother of hiding. Ferris's cast of characters experience revelations and epiphanies that both resolve and deepen the mysteries visited upon them earlier. Visually, the story is told in Ferris's inimitable style that seamlessly combines panel-to-panel storytelling and cartoon montages filled with B-movie horror and pulp monster mag iconography.

\$49.99 / HC / 296 pgs / Partial color / 8.75" x 11.5"

Fantagraphics presents all three published issues plus over a dozen recently unearthed stories that have been rarely or never-before published. *The Complete Web of Horror* features a wealth of essays, a foreword by Terry Bisson, an account of the magazine's origin, rise and demise plus reminiscences by Robert Lewis and Robert Gerson and an Afterword by Richard J. Arndt.

### MARK TWAIN'S WAR PRAYER

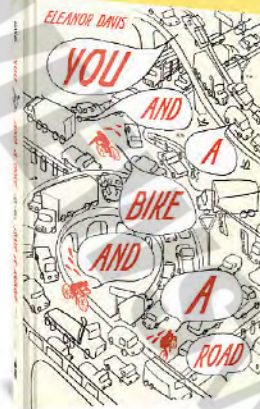

Illustrated by Seymour Chwast

\$22.99 / HC / 104 pgs / FC and BW / 7" x 9"

Written in 1905, Mark Twain declined to publish this reproof against patriotism in his lifetime. It was eventually published in 1923 and now, 101 years later, the legendary artist Seymour Chwast has enriched the fable with illustration. Chwast brings every aspect of his skills to this interpretation: drawing, design, typography, type design, pastel painting, and computer color all sit alongside Twain's text. Chwast's artwork echoes advances in technology but Twain's message about the futility of patriotism is only more pointed today.

A tale of serendipitous encounters, surprising friendship, perseverance, and tenderness, Eleanor Davis's *You & A Bike & A Road* reveals the power, and truth, of the most efficient mode of human transportation—a bicycle.

## MYTHOLOGIES & APROCRYPHA #1

By Tim Lane

\$5.99 / Comic / 32 pgs / BW / 6.6" x 10.3"

Acclaimed cartoonist Tim Lane debuts a new, ongoing series exploring the good, the bad, and the ugly of 20th century masculinity through a head spinning blend of fact and fiction featuring Elvis, Frank Sinatra, Walter Cronkite, and others — culminating in a quick-draw shootout on Mars between Steve McQueen, Johnny Cash, and Sammy Davis Jr. This all-new series showcases Lane's meticulous and jaw-dropping artistry — a level of detail echoing illustrative legends like Frank Frazetta, Alex Raymond, and Dave Stevens.

## GRIEVOUS ANGELS, TROUT MASKS, AND AMERICAN BEAUTIES: 1970S ROCK & ROLL PHOTOGRAPHY OF GINNY WINN

Edited by Pat Thomas & Jessica Hundley

\$19.99 / SC / 112 pgs / BW with color / 7" x 9"

This sumptuous book shows the development of the Los Angeles music scene in the 1970s through the lens of female photographer Ginny Winn. Ginny spent the early 1970s at Warner/Reprise Records in Burbank - when that label was a blend of counterculture icons and Americana (before it had a name). By the later 1970s, she turned her lens toward Hollywood, capturing that era of gloss and shine.

## MY FAIRY GODFATHER

Set in Liberal, Kansas, a teenager moves in with her gay, film geek Godfather and his partner who run the Starlite movie theater, a safe haven for their eccentricities and artistic yearnings. My Fairy Godfather tells a story about how music and film connect us to who we've loved, who we've been, and who we are becoming — and that lying beneath the façade of teenage cynicism is the profound desire to be understood and loved.

"Don't be alone, Doctor," Amy Pond tells the eleventh Doctor in "The Angels Take Manhattan," and of course the irony is that in one sense the Doctor is always alone—a Gallifreyan whose regenerative powers mean he will outlast nearly everyone near and dear to him—while at the same time he is rarely without one or more trusted companion by his side. This is a book about those companions, those fortunate few who accompany him on his journeys through space and time on, to quote the ninth Doctor—"the trip of a lifetime." ### O/A SURVIVOR: ARON'S STORY HC GN

(W) Alex Teplish

(A) Deveo Media Studio & Various

(CA) Albert Urmanov

Aron considered himself a typical Jewish-Soviet boy while growing up in multi-cultural Odessa of the 1930s. Life didn't come easy to his Yiddish and Russian-speaking family, but they got by, assimilated to their surroundings. As the 40s approached, Nazi Germany began its march across Europe, with the extermination of the Jewish people as one of its aims. The Nazis now set their sights on the Soviet Union, fighting the Red Army for territory while committing mass atrocities against the Jews and other people they deemed "unfit for life." Living through the Odessa Massacre, Aron, his two brothers, sister, and parents were expelled from their home city, struggling to survive the Holocaust. Aron's story, visually depicted here in the graphic novel form, allows us to experience the events first hand, through the eyes of young Aron himself, while learning about one of the least documented episodes of the Holocaust. **O/A WE SURVIVED THE HOLOCAUST: THE BLUMA & FELIX GOLDBERG STORY GN**

(W) Frank Baker (A) Tim Oglie  
 During Adolf Hitler's rule over Germany, there were over 40,000 Nazi concentration, labor, and death camps built with the intent of erasing an entire population of Jews, Sinti, and Roma, as well as "other examples of impure races." Bluma Tishgarten and Felix Goldberg were both young Polish Jews caught up in the Holocaust, Hitler's rise to power, the rise of antisemitism, and more. Yet they survived. Bluma and Felix's miraculous story of survival, combined with the rise of nationalism and fascism, leading to the extermination of millions of human beings, is also a cautionary tale, a dangerous history that, if we do not heed the warning signs, could very well be repeated. **SPOTLIGHT ON**

**HARLEM GN**

(W/A) Mikael Harlem, 1931. In the heart of the Great Depression, invention is the mother of necessity to make ends meet. Stéphanie St. Clair, known as "Queenie," had already understood this when she landed in New York almost twenty years before. Inventiveness when you are a woman and you are black is much more than a necessity. It's a question of survival. In a few years, this young immigrant West Indian servant freed herself from the weight of ancestral servitude. Even better, she created her own American dream: the underground Harlem numbers game. Hers is an ascent that makes people cringe, both with the local authorities and the white mafia.

**CREATOR SPOTLIGHT**

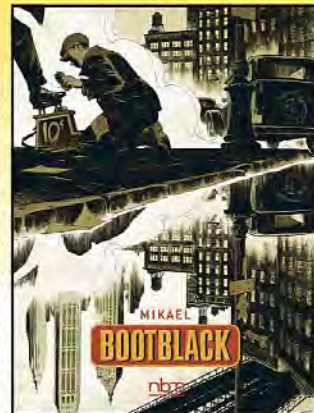

Dutch Schultz, aka. the Dutchman, an unscrupulous mafioso, intends to take control of the kingdom of the "Frenchy." But that's without taking into account the determination and impetuosity of Queenie, whose heavy past continues to guide her steps... Mikael takes us to the Harlem of the prohibition for the final chapter of his New York triptych. (STL306294) (C: 0-1-0) HC, 9x12, 128pgs, FC .....\$27.99

**SPOTLIGHT ON**

**O/A BOOT BLACK HC**

(W/A) Mikael Spring, 1945: the war leaves only death and destruction in its wake. To escape the horror of the present, Al, an American soldier, the only survivor of his unit, immerses himself in the memories of his New York life. Son of German immigrants, born in the United States, he was not yet ten years old when, in one night, under the approving eyes of anti-immigrant Americans, he lost his parents and his home in a terrible fire. Turning his back on his origins, Al has no choice but to live on the streets; he becomes a Bootblack, a shoe shiner. New York offers no future for the poor, Al understood that. He is therefore determined to earn more money, whatever the means. But he does not imagine, at that point, that the war which threatens will soon give him an appointment with his past... **O/A GIANT HC**

(W/A) Mikael New York, early 1930s. A mysterious, laconic Irish colossus known as "Giant" sweats blood, along with his fellow immigrants, to build the skyscrapers of Rockefeller Center. For a while, he has not received a reply to the typewritten letters he continues to send, as well as money, to the other side of the ocean, to Mary Ann, the wife of one of his colleagues who died accidentally. Giant, who seems to be afraid of nothing, still has not found the courage to reveal to the young woman that she is a widow... What does her silence mean? An entrancing everyday working-class tale with the majestic background of the rising skyscrapers of New York. (STL150315) HC, 9x12, 120pgs, FC .....\$24.99

**EQUINOXES HC**

(W/A/CA) Cyril Pedrosa

In an equinox, day is as long as night, as if the world found perfect equilibrium between shadow and light, a fleeting equilibrium, similar to the stakes of our human destinies. Segmented into four tableaux for four seasons, unrelated people of all social backgrounds seeking equilibrium cross paths with other solitudes, weaving in and out of one and other's lives, all captivated and tormented by the enigmatic meaning of life. Every season has its visual identity and its individual voice, culminating in summer and, possibly, an answer. (STL012510)

Comics artist Simon Muchat is stuck. Suffering writer's block, uninspired, vegetating as a school art teacher, he is losing direction and his taste for life, until one day he is invited to appear at a comics convention in Portugal, the country his family came from and which he hadn't seen since his childhood. The experience proves cathartic. Even though he is not Portuguese himself and is a foreigner there, so many elements are familiar to him. Meeting its lively citizens, full of the zest for life, his distant yet welcoming family bringing back fond early memories, all prove reinvigorating, the breath of fresh air he so badly needed. (W) Nate Powell, James W. Loewen

(A) Nate Powell

Since its first publication in the 1990s, *Lies My Teacher Told Me* has become one of the most important and successful—and beloved—history books of our time. Nate Powell—the first cartoonist ever to win a National Book Award—has adapted Loewen's classic work into a graphic edition that perfectly captures both Loewen's text and the irreverent spirit of his work. Eye-popping illustrations bring to life the true history chronicled in *Lies My Teacher Told Me*, and ample text boxes and callouts ensure

nothing is lost in translation. The book is perfect for those making their first foray past the shroud of history textbooks, and it will also be beloved by those who had their worldviews changed by the original. (STL309646) (C: 0-1-0)

Taylor Swift always knew she wanted to be a country music artist, so at age thirteen, she convinced her parents to move their family out of Pennsylvania to Nashville. Since the release of her self-titled debut album in 2006, Taylor Swift has dominated the music charts, reinvented her sound, won numerous awards, shaken off public criticism, and spoken up for herself and others. **GOLDEN AGE CLASSICS: BLACK CONDOR & THE RAY SOFTEE VOLUME 1 SC**

(A) Will Eisner & Various  
Lou Fine was one of the most impressive and influential artists to ever work in comics. His fluid figures were admired and copied by such greats as Joe Simon and Jack Kirby. In the early 40's, the heyday of the Golden Age, he worked for Everett M. "Busy" Arnold at Quality Comics, and in addition to his impressive covers, he worked on such comics as the Black Condor. Richard Grey Jr., having lost his parents, was raised by giant black condors and after studying his condor foster parents, he learned to fly. Fine also created The Ray, a reporter named Hubert "Happy" Terrill who was covering the story of a high-flying "strato-balloon" exploring the upper atmosphere. An electrical

storm struck and while closing the outer airlock door, "Happy" got the full brunt of the storm's energy and the unfiltered sunlight giving him his super powers to absorb energy from his surroundings and emit it from his body in any form he chose. Collects the Black Condor stories from *Crack Comics* #1-11 (May 1940-March 1941) and The Ray stories from *Smash Comics* #14-22 (September 1940-May 1941). Thor—Son of Odin, God of Thunder, Wielder of Mjolnir—is dead. And Loki is responsible. Not for the nervous! Celebrating 40 years since IPC launched the UK's most iconic "horror" anthology, this single volume collects all of the strips included in the 15-issue run of *Scream!* Produced "from the depths" of King's Reach Tower by the mysterious "undead" editor Ghastly McNasty, the first issue of *Scream!* was unleashed on March 24, 1984. More tongue-in-cheek than horrific, the comic was an immediate hit with younger fans as it included a pair of fake vampire fangs attached to the cover and a number of fantastic new strips from such talents as Alan Moore, John Wagner, Jose Ortiz, Cam Kennedy, Tom Tully, Alan Grant, and Eric Bradbury. (W) Mark Brake  
Super-hero fiction has been with us for almost a century; high-octane tales crammed with concepts and contrasting themes, from superpowers and the post-human, to masked vigilantes and immortality. In that time, superwomen have evolved from comic book caricatures (created by men, for men) to stronger representations of female power. *The Science of Superwomen* looks at this evolution, from its hypersexualized origins to today's more nuanced diversity, and explores the relationship between superhero film and fiction and the underlying science of our ever-evolving universe. In her debut book, she tells razor-sharp stories and shares never-before-seen illustrations that walk us through the twistiest parts of growing up, from encountering creepy old men and dealing with grief to getting really drunk and existential. *Filthyratbag* is at once a primal scream, a shrug, and a PSA declaring that even though growing up is brutal, there are always more beautiful things to come. **INDIGENOUS COMICS AND GRAPHIC NOVELS: STUDIES IN GENRE SC**

In recent years, studios like Marvel and DC have seen enormous success transforming comics into major motion pictures. At the same time, bookstores such as Barnes & Noble in the US and Indigo in Canada have made more room for comic books and graphic novels on their shelves. Yet despite the sustained popular appeal and the heightened availability of these media, Indigenous artists continue to find their work given little attention by mainstream publishers, booksellers, production houses, and academics. Nevertheless, Indigenous artists are increasingly turning to graphic narratives, with publishers like Native Realities LLC and Highwater Press carving out ever more space for Indigenous creators. In *Indigenous Comics and Graphic Novels: Studies in Genre*, James J. Donahue investigates the disparities of representation in the fields of comics studies and comics publishing. **WILL EISNER: THE CONTRACT WITH GOD TRILOGY: LIFE ON DROPSIE AVENUE**

(W/A/CA) Will Eisner

The publication of *A Contract With God* when Eisner was sixty-one proved to be a watershed moment both for him and for comic literature. It marked the birth of the modern graphic novel and the beginning of an era when serious cartoonists could be liberated from their stultifying comic-book format. More than a quarter-century after the initial publication of *A Contract With God*, and in the last few months of his life, Eisner chose to combine the three fictional works he had set on Dropsie Avenue, the mythical street of his youth in Depression-era New York City. The *Contract With God* Trilogy is a mesmerizing, fictional chronicle of a universal American experience and Eisner's most poignant and enduring literary legacy. (STL309066) (C: 0-1-0)

# HER FRANKENSTEIN

by Kawashima Norikazu

Little Tetsuo is a wimpy mess. His parents don't love him. He meets the beautiful Kimiko, an ailing teenage girl obsessed with movies and mayhem in equal amounts. She doesn't love Tetsuo either, or anyone other than herself. But she needs him. So Tetsuo becomes the man she wants—the monster she wants. He becomes HER FRANKENSTEIN!

Originally published in 1986, Kawashima Norikazu's HER FRANKENSTEIN marks the bizarre and sadomasochistic finale to a cult era in Japanese horror comics. A few years after it was published, the author burned all of his artwork and abandoned Tokyo, never to be heard from again! HER FRANKENSTEIN is the inaugural volume of SMUDGE, a line of pulp, horror, and dark mystery manga, curated and translated into English by award-winning historian Ryan Holmberg.

## THE IDOLMASTER CINDERELLA GIRLS: FUMIKA SAGISAWA OFF STAGE

From Kotobukiya. Kotobukiya's "off stage-" project continues! This project showcases idols in their true off-stage mode—a sight that can normally only be seen by a producer! From *The Idolmaster Cinderella Girls*, Fumika Sagisawa is the sixth character to join the lineup! Just like in her off time, Fumika's characteristic long bangs that hang in front of her eyes have been faithfully recreated. Hinting at this year's little temptress trend, she wears an off-shoulder sweater that was recommended to her by the store clerk, a bold statement piece that stands out from her usual fashion style. To further enhance the presence of this figure, various features have been recreated that bring forth memories of the episode and recreate the atmosphere of the world, such as the piles of books strewn across the desk and floor, the chair she sits on, and smaller accessories that provide a detailed finish to this piece. (STL300486) Item has been previously solicited in *New to Order*. Scheduled to ship in June 2024. (4898/PV035) (C: 1-1-2) NOTE: Same as Deny 233, but with Mexico allowed.

Naturally, both characters' designs are loyally recreated just as they appear in *Dancing in Starlight!* The statues include an elaborate base that gives the statues the appearance of having jumped straight out of the game, with additional triangular pieces that give it a unique three-dimensional effect. (STL302518) Item has been previously solicited in *New to Order*. Scheduled to ship in August 2024. (4898/PV192) (C: 1-1-2) NOTE: Same as Deny 233, but with Mexico allowed.

## TRIGUN BADLANDS RUMBLE: NICHOLAS D. WOLFWOOD (RENEWAL PACKAGE) ARTFX J STATUE

From Kotobukiya. From *Trigun: Badlands Rumble*, the wandering priest with his Kansai dialect, Nicholas D. Wolfwood, makes a comeback to the ARTFX J series in a renewal package version! He comes to life gripping his gun in one hand and Punisher in the other in a dynamic stance. At his feet, the silver series logo appears in a striking clear base riddled with bullet holes. From the posing decisions all the way down to the base, every detail of this design was proposed by Yasuhiro Nightow himself. Countless reviews and strict revisions were imposed to perfect various features, from his expression and lines of his body, to the sculpt and painting of his suit, creating this truly definitive 1/8-scale figure. His sunglasses can also be removed. A chibi-style, mini figure of Nightow is also included as a bonus. (STL300849) Item has been previously solicited in *New to Order*. Scheduled to ship in August 2024. (4898/PV207) (C: 1-1-2) NOTE: Same as Deny 233, but with Mexico allowed.
